FDD Abstract

VEM ORGANIZATION PLANS (9 pp; German; [REDACTED])

25X1X

25X1X

This document consists of [REDACTED] pages and three charts, divided into five parts.

The first part, one page, is an organizational chart for a medium-size plant, made up by the VEM (Federation of People-Owned Electrical Machine-Building Enterprises) Installation-Building Plant, Erfurt.

The second part, one page, is a chart of positions at the VEM Installation-Building Plant, Erfurt, listing the types of positions, salary groups, and names of persons in charge of these positions.

The third part, five pages, is an outline of the tasks of leading personnel in the VEM, broken down into: the tasks of the plant manager, the assistant manager, the secretariat, the chief bookkeeper, the bookkeeping department, the pricing department, the planning department, the personnel department, and the manpower department.

The fourth part, one page, is an organizational chart of the VEM Plant in Magdeburg.

The fifth part, one page, is an organizational chart for a people-owned plant, by Fritz Selbmann [Minister of Heavy Industry], taken from the newspaper "Wirtschaft", No. 10, of 9 March 1951.

25X1A

[Note: The [REDACTED] of the document indicates that the information contained in it means an expansion of the VEM Plants.]
